DESCRIPTION

TEXAS WRX 2 Grease is a black, adhesive, residual oil based lubricants grease recommended for high load, shock load and vibration applications in variety of industrial, mining and marine applications. The solvent additive enables it to penetrate freely between and strands of wire ropes and its tenacious lubricants coating protects exposed metal surfaces against the elements.

BENEFITS

- Extra protection against rust and corrosion.
- Reduced wear under heavy or shock load and vibrations.
- Excellent resistance to water washout and contamination.
- Extended life in wet environments.
